Features

- ◆ **30% Recycled**
Made from 30% post-consumer content
- ◆ **Acid Free:**
Paper was manufactured under alkaline (acid-free) conditions. This prevents the paper from yellowing as they age and makes it suitable for documents that have to be preserved for long periods.

- ◆ **FSC Certified:** FSC is an international non-profit organization which has created a global standard for responsible forestry. Paper is chain of custody tracked from forest to mill to ensure it came from a forest-friendly source.
